

// Features

Bins inverted at ergonomic height for cleaning Adjustable Type-C hitch to suit 80L-1100L wheelie bins Control lever Extendable drip tray Spray gun Removable debris bucket

Galvanised steel construction

Operation guide

1.0m
Tipping height

80kg
Lifting capacity

~20 standard bins per hour

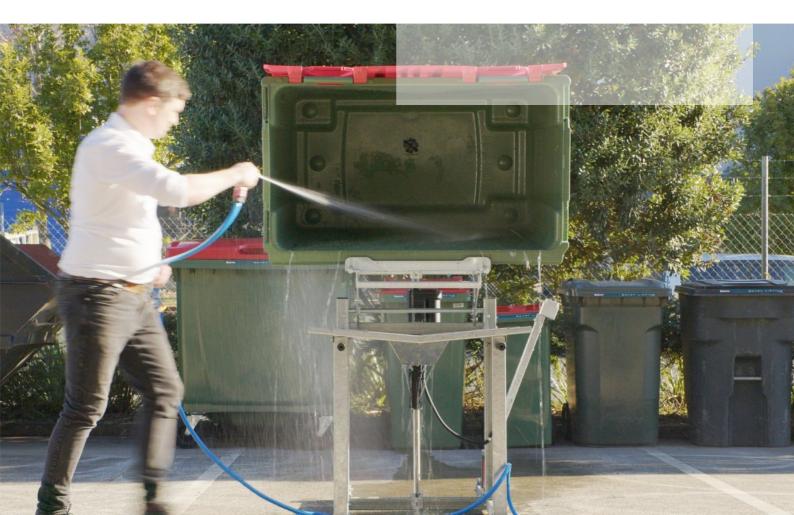

Water pressure or 12V battery

"Such a simple and effective innovation!"

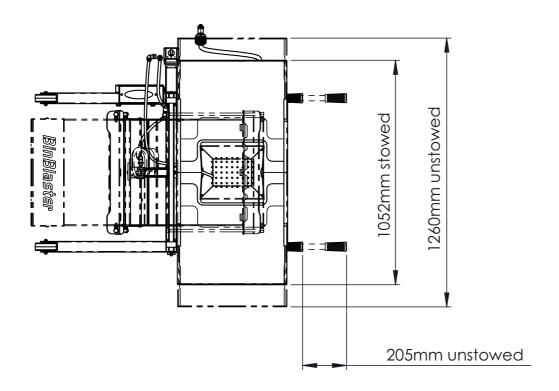

Christian Allen - Head of Environmental Operations -Boston Borough Council BinBlaster is a smart bin wash frame from Simpro, with a power mechanism which lifts bins onto their sides one metre off the ground-the most ergonomic height for washdown. Also featuring an adjustable bin hitch, extendable drip tray, and removable debris bucket, BinBlaster saves you time, muscle and money.

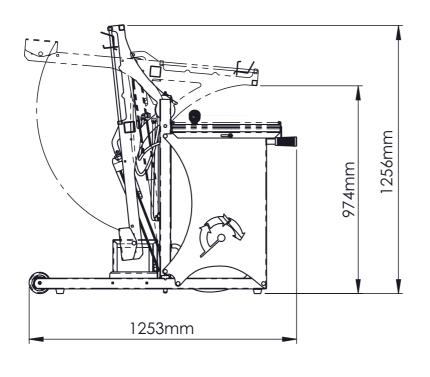

Capable of lifting bins weighing up to 80kg, BinBlaster is available in both hydro and battery versions. The hydro model features an actuator powered by mains water pressure; a unique solution which eliminates shock hazards and allows operation in off-grid locations. The battery model features an electric actuator and 12V/20Ah battery pack, which allows up to 40 bins to be cleaned per charge. When the battery is flat, it can be lifted out and recharged in a dry area using the supplied 10A charger, or swapped with a second battery for continuous operation.

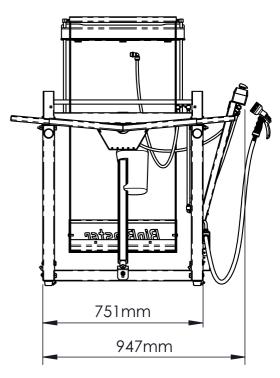

Fitted with the standard Type-C hitch, BinBlaster can safely lift almost all EN840 wheelie bins from 80L to 1100L; hitches are also available to suit ANSI rollout carts and bulk bins. With a galvanised steel frame and simple design, the machine requires little maintenance, and can be used indoors or out. It is backed by a two-year warranty.

// Specifications

Layout and Dimensions

Specification Table				
	1.1	Manufacturer	Simpro	Simpro
Key Parameters	1.2	Model	BB1000-B	BB1000-H
	1.3	Power Source	Battery	Hydraulic Pressure
	1.4	Role	Bin Wash Frame	Bin Wash Frame
	1.5	Tipping height	1000mm	1000mm
	1.6	Load capacity	80kg	80kg
	1.7.1	Cradle type	Type-C	Type-C
	1.7.2	Cradle mechanism	Comb-lift	Comb-lift
	1.7.3	Cradle standard	EN840	EN840
	1.7.4	Cradle compatibility	80L/120L/240L/660L/770L/110	00L wheelie bins
ŧ	2.1	Weight	~78kg	~72kg
Weight	2.2	Wheel Loading laden, front/rear	~44/35kg	~42/34kg
	2.3	Wheel Loading unladen, front/rear	~22/18kg	~20/16kg
Wheels	3.1	Tyre type	Resilex	Resilex
	3.2	Tyre size front	-	-
	3.3	Tyre size rear	□100x35mm	□100x35mm
	3.5	Wheel number, front/rear	-/2	-/2
Dimensions	4.2	Height overall	1256mm	1256mm
	4.3	Height drip tray	730mm	730mm
	4.5	Height cradle raised	1200mm	1200mm
	4.19	Length overall	1253mm	1253mm
	4.21.1	Width overall	1052mm	1052mm
		Width drip tray extended	1260mm	1260mm
Performance	5.2	Lifting speed laden/unladen	~0.12/0.16ms	~0.12/0.16ms
	5.3	Lowering speed laden/unladen	~0.16/0.16ms	~0.12/0.08ms
	5.4	Hydraulic flow rate max, lifting/lowering	-	~21.0/15.8lpm
	5.5	Hydraulic pressure max	-	~480kPa
	5.6	Operating cycle duration	~14s	~18s
	5.7	Throughput per hour/charge (no. bins)	~20/40	~20/-
	5.8	Operating gradient max	12%	12%
	5.1	Brake type	Surface friction	Surface friction

Other		Movement type Sound pressure at operator's ear		
	10.7	Sound pressure at operator's ear	<40db(A)	<40db(A)

(i) Simpro has been developing, manufacturing and retailing Smart Lifting solutions for over thirty years. From humble beginnings as a small engineering firm in Auckland, New Zealand, the company has grown to become a leading supplier of equipment for niche applications such as bin lifting, tipping and handling equipment, pallet trucks, stackers, order pickers, and goods lifts.

> Simpro products play an unobtrusive but essential role for thousands of companies around the world, in industries as diverse as waste

- 66 Rangi Road
 Takanini 2105
 Auckland, New Zealand
- PO Box 74

 Takanini 2245

 Auckland, New Zealand

management, resource extraction, pharmaceutical manufacturing and food processing. They are distributed through a worldwide network of agents, and are backed by a sophisticated in-house design and fabrication capability.

Simpro is a family-owned company, registered with the New Zealand Companies Office as Simpro Handling Equipment Ltd, company no. 1827916.

The products in this catalogue contain intellectual property, including design elements registered to or licensed by Simpro Handling Equipment Ltd.
